

SLH-4G

The Premium Hygienic Twin Screw Pump

ITT

ENGINEERED FOR LIFE

SLH-4G

ITT Bornemann has many years of experience working with customers and understanding the food processing industry. The twin-screw technology utilized in the SLH series pump has become the hygienic standard in the food industry.

In the SLH-4G, Bornemann is offering all advantages of a hygienic twin-screw pump with a number of customized features and options. This gives customers a high-quality and best solution in a wide range of applications.

The SLH-4G design features include:

- Three part design
(Cover, Pump Casing, Intermediate Flange)
- Different flange diameters
- Hygienic form ring elastomers
- Cartridge mechanical seals

Connections:

- DIN 11851
- DIN 11864-2
- Tri-Clamp (DIN 32676)
- SMS 1145
- Other connections available

Materials:

- Product-contact materials: 1.4404 / 316L
- Product-contact elastomers: HNBR / EPDM / FKM
- Other materials on request

The SLH-4G feature and options:

- Aseptic application (EHEDG EL type Aseptic certified)
- Customized flanges
- Heating / cooling jacket on pump casing
- Wear protection options
- Higher surface finishes available

Applications for the SLH-4U

- Dairy
- Beverages
- Convenience food
- Personal care
- Pharmaceuticals
- Chocolate & Sweets
- Sugar
- Baked goods
- Meat & Animal food
- Tomato Paste & Ketchup
- Flavors & Fragrances
